A DIFFERENT TYPE OF TRAINING! Technique Training! Learn HOW TO: Win positions, build position, hard ties, controlling the match, create flurries, explosive/athletic wrestling, core techniques, and INSTINCTIVELY win all the common positions in our sport. Wrestling is position based, NOT move based. Like I tell current members, they can learn moves on youtube. We have a focus on Winning Matches, and winning POSITIONS (more of a college wrestling approach). This is why members (particularly Freshman and JV wrestlers) improve so quickly. But.... They have to commit to just one practice a week. Parents, if you encourage your son to start, please push him to commit.

**Note** to parents/coaches: Several coaches use Purler Wrestling to supplement their kids training. Nick and Tony already have entire teams from PA, GA, IN, IA, and NJ signed up for their summer Takedown Machine Drill camp. Entire teams are trekking across the U.S. to learn their teaching methods and technical system. Now with Purler Wrestling in your own back yard, wouldn't it make sense to try it and see what Purler Wrestling can do for you?

**Note 2:** Tony has a 2000 sq foot home training facility, equipped with a 1400 sq foot bunkhouse/bathroom facility, at his home. Look for several small group **FREESTYLE/GRECO MINI CAMPS** to begin soon. Check site often for updates and schedules.

Tony's true commitment to the sport has allotted him an understanding of the sport that few have. This is why PWA athletes improve greatly in such a short time. **Wrestlers don't lose b/c they haven't done enough live wrestling**, they fall short b/c they don't trust their technique when they step out on a mat. If you are looking to greatly improve this summer, he can help. Tony has won a National Title at every level of the sport. Not only did he compete in two **WORLD CHAMPIONSHIPS**, he also spent 9 yrs coaching at the Div I COLLEGE Level (Ok. State, OU, MU, Clarion U.) He's done the hard work for you. If you want to learn from an extremely knowledgeable coach and make some huge gains this summer, don't hesitate to contact him and make a commitment you won't regret.
