Christmas Break "Leg attack camp"

PURLER Wrestling Inc.

There is a difference between 'shooting' for the legs and 'attacking' the legs. At our Christmas Clinic, you will leave us with an understanding of how to CREATE a shot, and learn the best finishes to do from each leg attack. 3 leg attacks will be covered with 9 finishes! These skills will be drilled over and over until your son knows the technique, and much time will be spent on troubleshooting the bad positions we sometimes find ourselves in during a match. Your son will learn how to hit the technique properly, AND score even when caught in a bad position. There is more to the sport than driving to finish a bad leg attack. And just b/c your son grabbed a leg does not mean he hit a single leg! We have been conducting our Winter Break Leg Attack clinics for 9 years running and have had kids travel in from Minnesota, Wisconsin, Indiana, Kansas, Iowa, Oklahoma and Washington to attend these clinics. Though kids from all over the Midwest may attend these clinics, with the locations below you should find one close by. If your son struggles with leg attacks, we can help. If your son doesn't attack in big matches, we can help. As always, our clinics are structured, systematic, intense, and well organized. We believe a wrestler can get better at wrestling in just one day. We are local, regional, and nationwide because of our ability to quickly and easily help young wrestlers improve in this difficult sport. Purler Wrestling "Wrestling taught…Wrestling Simplified!!!"

Sessions will be run by Tony Purler **(US Nat'l champ, 2x US World Team Member, World Cup Silver medalist, former Div I Coach)** World Class Instruction at a location near you! Note: High School kids welcome, but must have a coach present to attend. Talk w/ your coach.
